Customer Reviews

First, when this book arrived, it was bent horizontally so badly that not only did it cause a bend in every page, the spine was actually torn! Sadly, that is not just commentary on the book but also speaks to the quality of paper pages. The paper is rather thin, allows for much bleed thru if using a marker or gel pen, when using color pencils, it feels like you could inadvertently tear the page by simply filling in the design. The pages are not perforated either. Over all a disappointment. There are better options in some dollar stores. (so sorry to post this review but it is truthful)

Good for beginners. Paper isn't very heavy and is hard to tear out of the book.

kids love it!

Great

Easy and relaxing to color!

very nice art.

It was a gift. The person enjoy.

Needs perforations please so pages can be taken out, easier to color
