Ashanti To Zulu: African Traditions

Synopsis

Artists Leo and Diane Dillon won their second consecutive Caldecott Medal for this stunning ABC of African culture. "Another virtuoso performance. . . . Such an astute blend of aesthetics and information is admirable, the child's eye will be rewarded many times over."--Booklist. ALA Notable Book; Caldecott Medal.

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

Margaret Musgrove is a children's book author and teaches at Loyola University in Maryland.

Educationally this is a well written book with beautiful colors and illustrations. As a mother, I am learning about tribes of people in our mother land with this great book! I appreciate the pronunciation help given for each African word introduced. I think every family- regardless of color should own this book and have a great understanding of the vastness of the countries and tribes of Africa. My only recommendation is to get the hard cover copy of the book. I ordered paperback, but I first discovered it at the library in hard copy and I wish I ordered it in the hard cover option. Enjoy!

Wonderful book!

Beautiful traditions and images from Africa all set to the letters of the alphabet. There is also an excellent map on the last page of the book showing where all the various ethnic groups mentioned in the book are from on the continent. The book also showcases the diversity of the African continent.

A simple, but instructive book on different tribes of Africa. Perfect for grade-school level, but of usefulness to adults too.

I love this book! Next I will look up each tribe represented in this book to learn more about their rich customs.

great

Beautiful pictures and stories that complimented our studies on Ancient Kush and Africa. This was real treat and fun way to learn about unfamiliar traditions and culture.

Engaging text with stunning illustrations...great introduction to some African traditions and culture.
