# Calligraphy For Creative Kids (and Adults Too!)

## Synopsis

Calligraphy means "beautiful writing," and this book will show you how to do it. All you have to do is follow the easy, trace and copy examples! This how-to, beginner's instruction book is written mainly with "creative kids" in mind (age 10 and up) but will help anyone of any age to develop skill in this art! The book, penned entirely in a calligraphic hand, begins with an explanation of how to select the right pens, inks, and paper. Next, it introduces you to the Italic alphabet, a beautiful and highly versatile alphabet. After that, there are sections on Blackletter (particularly useful for certificates) and drawn letters. The book ends with an impressive list of creative projects the reader can work on. This is a simple, straight-forward and profusely illustrated calligraphy practice book. The author, Jim Bennett, wrote *Calligraphy For Dummies* and is also the founder of the Calligraphy WebRing. His website is [studioarts.net](http://studioarts.net).

## Book Information

Best Sellers Rank: #393,127 in Books (See Top 100 in Books) #165 in Books > Arts &

Photography > Other Media > Calligraphy #1199 in Books > Children's Books > Arts, Music & Photography > Art

## Customer Reviews

This is the best Calligraphy book for beginners because it has tracing pages just like penmanship books. As my daughter, for whom it was purchased, says, "You don't have to know anything to get started."

I am new to calligraphy and this was a great way to learn with practice sheets and all for each letter and it shows you 2 different fonts.

My daughter was so excited to get this - she wanted to learn calligraphy and this book was perfect -

basic lettering in an easy to learn format!

My grandson enjoys it.

9-year-old really enjoyed learning this.

Im not satisfied with the calligraphy, is very complex and the pages are full of silly story

Pretty good for starters

It has alphabets to trace plus practice pages. The end has some more advanced ideas that inspired my budding calligrapher. If you haven't bought pens yet, it even has recommendations for several common brands.
