## **Customer Reviews**

Stan and Jan Berenstain introduced the first Berenstain Bears books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Though Stan died in 2005 and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

I loved Berenstain Bears because I like that they do everything as a family. and sometimes they are happy with each other and sometimes they are frustrated but they still love and appreciate being together. this book talks about many things they appreciate.

This was a delightful book to receive and I gave one to my grandchildren who enjoyed it. I love the Berenstain Bears, anyway, and their books are a joy to read -- they have great morality to them as well as adventure and common sense.

Berenstain Bears are excellent as usual! A favorite for teaching about being thankful and how to adjust when things are not as you would expect.

A wonderful book for children. Very educational, very well illustrated and very entertaining. Love all Berenstain Bear books that I have ever read. These books have always been favorites with my children and now my grandchildren. Would highly recommend. I enjoy the books as much as the children do which is great when you are reading a book to children.

I love Berenstain Bears books. I read them as a child and now I read them to my children. This wasn't my favorite book. Its hard to explain but it is to detailed with the "history". It doesn't keep my children's attention.

I love the book, but I wish that in the Kindle version the words were made bigger. Little children's eyes like to see the words printed clearly.

I have loved Berenstain Bears for over 34 years!

Lovely story for our grandchildren. Fun to read a few days before Thanksgiving. Ages 3-8 All enjoyed the book.
