Sex, Gender, And Sexuality: The New Basics

Synopsis

Pushing the boundaries of traditional sex, gender, and sexuality theories, this edited volume brings together classic and cutting-edge works that will engage and challenge students. Now in its third edition, *Sex, Gender, and Sexuality: The New Basics* features many vibrant voices in the ongoing dialogue between gender and sexuality studies, constructing a compelling new model for making sense of gender and sexuality. It integrates a variety of selections, including first-person accounts and narratives, poems, theoretical analyses, and critiques of existing research. In addition, the editors have created a unique glossary that provides current definitions of both basic and leading-edge terms.

Customer Reviews

"A quality read that is truly committed to exploring the intersections of race, gender, and sexuality."--Kathleen J. Fitzgerald, Loyola University, New Orleans "This collection of diverse essays prompts students to approach sex, gender, and sexuality as social constructions; to think critically about the interrelations between sex, gender, and sexuality; and to consider how to advance further discussion of these topics in ways that make the lives of all individuals more understandable, secure, and authentic."--Kelly Dagan, Illinois College "I like the approach very much. I especially applaud the editors for the inclusion of disability, transnational, and size-focused essays across the sections."--Julianne Guillard, University of Richmond

Abby L. Ferber is Professor of Sociology and Women's and Ethnic Studies, and Associate Director

of the Matrix Center for the Advancement of Social Equity and Inclusion at the University of Colorado at Colorado Springs. Kimberly Holcomb is a Senior Instructor of Sociology and Women's Studies at the University of Colorado at Colorado Springs. Tre Wentling, PhD, teaches Sociology at Syracuse University.

I am using this book to teach a course in a BA program - the students are enjoying it. It is cutting edge thinking and not filled with overwhelming academic verbiage and constructs.

The book got to my house after about 1.5 weeks, which kind of stressed me out because the school was starting in a few days. However, the book is in excellent condition, and it is probably the best deal I could have gotten on this book.

First of all, thanks for the book. second is that there are too many marking and there no way to tell which one is my marking and it just hard to focus when there are so many marking.

Great book with a lot of information you can learn. needed for Sexuality and gender in urban life course if your looking to pursue your career in psychology. but yet it is expensive.

I'm using this text this semester for an Intro to GLBTQ Studies course. That should tell you something about the slant of the included essays. There are many useful writings collected here, most of which fall comfortably under the rubric of 'gender studies.' The topics of intersexuality, transsexuality, and transgenderism are well represented. Some of the more traditional women's studies topics and authors are missing which makes the text of limited use for introductory women's studies courses. But a good read nonetheless. I'll be interested to see what my students make of it.
