Canned Soup Cookbook: Skillet Meals, Casseroles, Slow Cooker Meals & More! (Southern Cooking Recipes Book 56)

Synopsis

Canned soups are most associated with casseroles. While they make an ordinary casserole delicious, they also make easy skillet meals, cook up great in a slow cooker, make scrumptious meatless main dishes and vegetable sides. I love cooking with canned soups and especially cooking everything in one pot or skillet. The dishes are easy to prepare and use everyday pantry ingredients. You can make a hearty main dish or side dish with basic ingredients. Canned soups are ideal for quick and easy meals. They give a homemade flavor to dishes. Try using the lower fat and reduced sodium canned soups in these recipes. I have also included recipes to make several canned soups from scratch. Everyone uses a slow cooker these days. With slow cooker cooking, you can fix an entire meal in one pot. If you use slow cooker liners, clean up is even easier. It is comforting after a hard day's work to come home and dinner is ready. We have all been there when the kid's are screaming and everyone is ready to eat. Using your slow cooker will ease the frustration and aggravation of What's for Dinner?
