Customer Reviews

I have read all the current books in this series and another book is coming June 2017! Can't wait for the next adventure. I like the setting of this book and the characters seem real and interesting. Reading these books makes me feel like I am returning to a town I know. If you like a book with interesting characters and a great mystery in the plot, then you have hit pay dirt with Carolyn L.

Dean's books.

I chose this book, not realizing it was your fourth of fifth in the series, however, I felt comfortable reading it because it could easily stand alone. I would love to live in a small village like that as I grew up in a small town and loved living there, when, suddenly, my parents gathered all three of us, sisters, and we never went back. Since then, I have always loved in cities or other places (not cozy). My husband was totally different from the man in this book and I would have loved a less complicated man better, I think. Anyway, it was an easy read as well as an enjoyable one!

I skipped ahead and read book 6 before reading this one, and I wondered why things were different. Now that I read this book, everything is explained. In this story, Amanda is busy with running the inn and spends time with her new boyfriend while she can. Meanwhile, James, Amanda's boyfriend, has troubles of his own, helping his parents on their ranch when a body is found on the property and James is the suspect. Amanda helps James clear his name and solve the murder. And in the end, they become engaged. Nice mystery and delightful plot twist that kept me guessing.

I typically don't write reviews, but I really love this series! I stumbled upon the Ravenwood Cove cozy mystery series while looking for something easy and interesting to read. Happy to say I've read them all, and very quickly! Can I live in Ravenwood Cove now please? I love these books, they're such a delight to read. A good combination of mystery and suspense without making your mind turn too much for pre-bedtime reading! Would happily read the series agains and again, cannot wait for more!

I am reading my way through all of the Ravenwood Cove stories, this is the second story and just as good as the first. For a woman's book, I'm enjoying the elements and the characters. Each book has another mystery for the heroine to solve. This book has twists and turns to delight the reader and a cast of characters to enjoy.

A very interesting story with very interesting characters. I am really enjoying getting to know these people of Ravenwood and I am looking forward to more stories by this author. Great way to pass an afternoon. I love mystery, but not violence. This author gives the mystery without being graphic about the murder.

On the last review I wrote that I was going to start reading Murder on Ice "" wrong title. I just finished Time Tide & Trouble the third book in the series..very easy simple read. Haven't bought Sun, Sand & Secrets yet but will do so.Enjoyed all three books very Much.looking forward to #4!!!

This Ravenwood Cove mystery series is a fun and enjoyable experience. Suggest reading from the beginning. Great for an afternoon of relaxing.
