GREAT Notebook. Use it as a place to keep your daily to-do list, write your grocery list, keep track of appointments. Not just a journal. With a scored cover, it is handy as an all-purpose notebook for everyday use. "The journals are not only splendid but, as a reference book, nothing is more valuable to a writer than personal journals kept over extended periods of time." --Marguerite Quantaine "Yes! I just love these journals! On your nightstand, in your car, beside your computer, near the door for when you sit on the deck, or in the backyard, or at the beach, traveling anywhere. And each time you open the journal or close the journal, you see a message of wisdom, humor, fun, and many more covers. In addition, they make wonderful gifts. Check out the page for all the great covers - there's a theme for everyone you know." --Kieran York "Beautiful journal, wonderful high

quality. The inside pages are lined so nicely. I love the 7 by 10-inch size. It is so pretty to look at! the colors just pop. I will be ordering more, for myself as well as gifts. How could I not at this fantastic price and quality? You can use this for just about anything. List making, note taking in school. There are so many beautiful covers to choose from. I love mine!" --Christine Dupre "Lovely journals. Can be used as a planner or a notebook. The cover is thick with a nice feel--matte finish. Lined pages. All around nice book to carry with you." --Kay Reads Books

This is such a nice daily planner/diary. There are inspirational quotes on every page and the pages are big enough to be able to write a good bit. Looking at it and writing in it every day gives you such a positive break in a otherwise hectic day.

This journal is exactly what it says it is - a place to record what you did today instead of a future to-do list. I often find I set myself up with too many things to accomplish on my daily to-do list. It's nice to have a record of actual daily accomplishments for when I need a pat on the back (which is often!) The pages are set up in a two-page per week with daily headings. That way, you can easily review each week to get a handle on what needs to be done the next week.

Bought this for my college daughter to help her take time to focus on the positive each day, even

when things are crazy. It has room for a few sentences, which was a great way to get her started. She actually uses this and asked if she can get another when this one is full.

I bought this because I am having a lot of trouble remembering some doctors appointments due to some health issues, I love it. I am using the matching bookmark. I recommend it. Buying both.

Bought this for my friend leaving to go on a Fullbright scholarship in El Salvador. She loved it. It was a great way for her to journal while she is there, and to reflect on her trip when she comes back.

Not what I was expecting - it's just a book with simple dated lines no prompts or anything .

Excellent resource!

Beautiful
