Be Confident In Who You Are (Middle School Confidential Series) (Bk. 1)

Synopsis

“Hey. We go to Milldale Middle School. We’re very different in lots of ways, but we’re all good friends. A couple months ago, we were just hanging out when these kids came over . . .” So begins the journey of Jack, Jen, Chris, Abby, Mateo, and Michelle—six students just trying to figure it all out in middle school. Be Confident in Who You Are, the first book in the new Middle School Confidential series, follows these characters as they work to meet new challenges and survive the social scene—without losing sight of who they are. The book offers insider information on common middle school concerns and practical advice for being healthy, feeling good about who you are, and staying in control of your feelings and actions—even when the pressure is on. Filled with character narratives, quizzes, quotes from real kids, tips, tools, and resources, this book is a timely and engaging survival guide for the middle school years.

Grade 5—Jack, Jen, Chris, Abby, Mateo, and Michelle are just your average kids trying to figure out how to get through adolescence. Mateo is picked on because of his height. Abby has weight issues. Michelle has angry outbursts. And they all suffer from the “opinionator”—the inner critic that pops up at inopportune times to make them feel bad about themselves and their abilities. As the teens push through the fog that can be middle school, they help each other to gain confidence. The six start to take a stand against negative voices—internal and external—and stop defining themselves by others’ opinions. The

book contains quizzes, is chock-full of helpful hints, and lists other resources to help readers increase their self-esteem. Kindt's cartoons include several great panels that move the teens' story forward. Everything I expected it to be for our soon-to-be middle schooler who has had a hard time fitting in at school. Fun, thoughtful, imaginative anecdotes and pictures that depict many commonly occurring scenarios our kids encounter in school, and potential good and bad ways to react to them. Just like a picture speaks a thousand words, this book will have a better impact than a dozen morale boosting talks you could have with your child. Don't stop those talks, just supplement them with books like this one as a tool!

My brother is 14 year old. He said this book is too young for him, but I hope it could help him a bit at least.

some good advice without being preachy. Always nice to have something to refer back too. She enjoyed it right away.

Our middle schooler loved this book and reassured him about a lot of things in middle school. The book arrived promptly and was in new condition. We would order from this vendor again!
