The Summer House: A Gorgeous Feel Good Romance That Will Have You Hooked

Synopsis

Some summers will stay with you forever...Callie Weaver and best friend Olivia Dixon have finally done it: put their life savings into the beach house they admired through childhood summers, on the dazzling white sand of North Carolina's Outer Banks. They're going to buff the salt from its windows, paint its sun-bleached sidings, and open it as a bed and breakfast. Callie is too busy to think about her love life, but when she catches the attention of local heartthrob Luke Sullivan, his blue eyes and easy smile make it hard to say no.

He's heir to his father's property empire, and the papers say he's just another playboy, but as they laugh in the ocean waves, Callie realizes there's more to this man than money and good looks. Just when true happiness seems within reach, Callie and Olivia find a diary full of secrets... secrets that stretch across the island, and have the power to turn lives upside down. As Callie reads, she unravels a mystery that makes her heart drop through the floor. Will Callie and Luke be pulled apart by the storm it unleashes, or can true love save them? The Summer House is an absolutely gorgeous, heart-warming summer romance, about the importance of family, not keeping secrets, and learning how to open your heart. Customer Reviews

Callie was looking to start anew on the Outer banks. Love, force storms, and a playboy type was not in the picture.

Good easy reading story. I love the outer banks and love reading stories about them! I would recommend this book

The book was good. Once I got into it. I liked it a lot. I would read books by this author again.

I loved this book! From the beginning I found myself reluctant to put it down.

This is not a 5 star book. I was sucked in by the great reviews. I read the 2 chapters and returned it on my kindle. It reads like a young adult novel - juvenile.

It was a great read. A little bit of mystery, love and suspense. I enjoy reading about the outer banks and Beach related stories.

I'm so happy I found this author! You'll find her modern style is easy to read and layered with a great love story (actually 3 love stories.)

I really enjoyed this book. Besides a great story line, I could almost smell the ocean and hear the waves.
