Doreen Virtue is the undisputed queen of the angel scene. The Bookseller A West-Coast Goddess.
Saturday Telegraph Magazine

Doreen Virtue is a best-selling author and doctor of psychology who works with the angelic realm. She has appeared on Oprah, The View, Good Morning America, CNN, and other programs; she presents workshops around the world; and she has a call-in talk show on HayHouseRadio.com®.

I thoroughly enjoyed reading this book. It's informative in a near-encyclopedia sense. It's practical in the way the guide to working with the archangels and ascended masters is laid out. My favorite part of the book, interestingly enough, is the whole front section - prior to the guide. To those who plan to purchase it, please don't skip over it. (I have a feeling that happens more often than you might

think.) There is great wisdom and inspiration there, and, for me personally, great resonance. If you are working with the archangels and/or ascended masters, or would like to, this book can help you.

Bought it to go with the Ascended Masters oracle deck, it's got some wonderful info in a condensed form and works well with the decks. I love the prayers that are in the book.

I like this very much and will use this as a reference, maybe not quite as much as her Angel number book, but still a lot. I like that deals with Archangels, as well as Ascended Masters. Has something that should appeal to all. Plenty of good to know and helpful info.

It's the best! I use this book as a reference guide and have for several years! I now have it on my iPad & phone! I've given this book to at least 10 people as Gifts throughout the years and they in turn have given it to their friends & family as gifts! It doesn't matter what religion you are, or if you don't belong to any certain religious group. This book lists so many Archangels & Ascended Masters & Doreen Virtue gives great background on each one. Each chapter tells what that Angel or Ascended Master helps with, specializes in. There are prayers & invocations to use or to help guide you in using your own words, to ask for help in each chapter. I recommend this book all the time, it's really my guide to all areas of my life. And you can't beat 's price or packaging & shipping! I highly recommend this book & if you are on a Spiritual quest, Doreen Virtue, is a great place to start, she's really amazing! I hope this helps anyone searching!

Just what I had been looking for, which was a more complete assemblage of spiritual teachers, their origin, name interpretation and their specialization in one book. A great appreciation to the author.

wonderful source of information

Well written. Very helpful.

I'm not usually into angels and such but I was very intrigued with this book so I had to get it and I'm so glad I did. It's an easy read, got through it in about 2 or 3 days. Highly recommend! This book works. I tried some of the prayers within and they actually worked for me. Give it a try you have nothing to lose.
