In A Class By Itself

Synopsis

Dani Quinn walked into her high school reunion with dread and anticipation. She knew Logan Webster would be there, and she had no idea how she would react the first time she saw him. She had left both Logan and the small Texas town years before. Her departure had been abrupt, painful, and not of her choosing. She'd never had the chance to tell Logan the truth. Handsome, charming, and dangerously charismatic, Logan has grown into a man who exudes all the power and confidence of self-made success. He listens as Dani describes her work for Friends in Need, a charitable organization that raises funds for mentally and physically challenged children. He is attentive as she explains the foundation's hope that he will donate one of his properties for a much-needed summer camp. Then he suggests a shocking proposal of his own. A coldhearted "business" deal that conceals a hurt Logan has never gotten over. Frightened by her own feelings for Logan, hoping to heal the pain she has caused him, Dani agrees to his unconventional terms. What she never expects is the chance that their love will be rekindled. But it is not that simple. Once again Dani is forced to leave Logan without so much as an explanation. For unbeknownst to Logan, Dani has passed through a heartwrenching tragedy that has changed her life forever, and where she must go not even he can follow. From the Hardcover edition.

Customer Reviews

Dani Quinn returns to the small Texas town where she spent her high school years to attend her tenth reunion. While there, she has the opportunity to renew a relationship with Logan Webster with whom she had eloped when both were teens. Her parents subsequently took her away and had the

marriage annulled. Dani moved to the big city and briefly married and divorced; she then became actively involved in working for an organization that helps disabled children. Logan tries to determine how Dani really feels about him and why she never came back until now. In the first half of this audio version, romantic interludes dominate to the extent that one loses the thread of the story line. It is not until the second half that a plot takes shape and the motivations of the main characters are revealed. Elaina Erika Davis does an adequate job of conveying the emotional exchanges between the couple. Recommended mainly for Brown fans. ?Catherine Swenson, Norwich Univ., Northfield, VT Copyright 2000 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Great read by Sandra Brown. One of her best.

Another great novel by Sandra Brown!

Good

My favorite book by Sandra Brown!

It was Sandra Browne as usual. Good story, great audio, could have gone on longer and I would have kept on enjoying.

All were good. Enjoyed reading them. Thank You Betty L. Smith

Very nice

Good Book.
