Founded in 1947, Hal Leonard Corporation has become the world's largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles

of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Wonderful, and a timely delivery!

I am hoping to use this as supplements to our changing worship music.

If you have a trumpet player or a tenor sax player in your congregation please purchase this book of music. Be sure to also purchased the corresponding C version of this book of music.

Love it

Great tool, if all you want to do is be able to play songs like I do, without having to go through a long lesson schedule which I believe is for serious players who want to go a lot farther than just Playing a song but, really want to learn to play the piano professionally or close to that anyhow. I chose to play for fun and not ever to be too serious about skill levels. The fake book helps make that a lot easier to accomplish than any other music or piano book I have ever tried.
