I ordered all of my daughter's school books through so that she would not break her back lugging them all home for all her subjects. It has been the BEST idea and I will do it every year they require hardbound books at school (I'm hoping someday all books will be available on the kindle and this point will be mute). It's great to have a copy at home!

;)

The book was in excellent condition.

This book does of an exelent job of teaching the students vocabulary and grammar. But, talk about easy. This book would be better suited for the 4th and 5th grade. There should be more vocabulary and should cover the past tense of verbs also. So teachers if you are looking for a Spanish book for high school choose "En Espanol" instead. Alough teachers who are looking for a Spanish book for middle school this is your ook.:(
