The First Taste

Synopsis

A sexy single dad standalone romance from the author of Slip of the Tongue. Narrated by Sebastian York and Andi Arndt. Single dad Andrew Beckwith has already devoted his life to one girl - and as far as he's concerned, she's all he needs. The inked, rough-around-the-edges bad boy left his reckless ways behind six years ago when his daughter Bell was born. When Bell's mother walked out of their lives, Andrew vowed never to let another woman close enough to hurt them again. Amelia isn't just another woman. She's an independent, smart, and savvy businesswoman who doesn't have time for sex, much less love. In the midst of a drawn-out, bitter divorce, all she wants is to bury herself in work. But when sharp-tongued Amelia and stubborn Andrew cross paths, sparks fly - and burn. After all, it's not as if opposites ever attract.

Best Sellers Rank: #70 in Books > Audible Audiobooks > Romance > Contemporary #344 in Books > Literature & Fiction > Genre Fiction > Family Life #742 in Books > Audible Audiobooks > Fiction & Literature

Customer Reviews

I finished this book with such a smile and awwwww feeling. I loved, loved the hero, Andrew and his daughter Bell. This is the beautiful story of a single dad who actually lives and takes care of his daughter on his own. I love the relationship that he has and how he feels so passionately about his role as a father and his daughter. Bell totally captivated me. Andrew was everything: an excellent devoted father, a great friend and neighbor, a wonderful brother, a passionate lover and the perfect hero in my eyes. The heroine, Amelia, at the beginning was not the typical heroine I fall in love with but she won me over in the end. Thanks to Andrew who helped her see the world from a totally different perspective and as her walls started coming down and I was able to see her heart

more I began to really like her. I especially liked her interactions with Bell even as afraid as she was at having a relationship with her, I love the advice and the confidence she gave the little girl and how she fought in the end to defend what she thought was the most important people in her life. Once again, Jessica Hawkins leaves me another book-hangover.

By god Andrew Beckwith....you're setting my pages on fire!! I was so excited to learn that Sadie's brother(from Slip of the Tongue) was getting his own book. The snippets of hot, moody, tattooed, single dad were in no way enough! There should've been no doubt that Jessica Hawkins would deliver tenfold. The couple in this book is literally so hot that you're going to need to take breaks. Drink breaks water breaks breathing breaks fanning yourself breaks....all of the above were taken while I read it. It's not as controversially topiced as Slip of the Tongue, which is probably great for some of the people that couldn't stomach the storyline from the other book. But I love all of Jessica Hawkins' words equally!!

LOVED! LOVED! LOVED! this book. I suck at reviews. A writer I'm not but I'm a damn good reader and this book. WOW

This book was brilliant and insightful ...real...sexy..mature ...I thoroughly enjoyed it ...I fell in like with Andrew in Slip of the Tongue and was eagerly looking forward to his book ...Amelia scared me a bit ..I must admit ...when we met her in the first novel ...I wasn't sure how I felt about her...but after reading The First Taste...I am blown away ...this read is adult and honest ...and wouldn't you know it ...shockingly we aren't perfect ...who knew?.... Bell (Andrew's daughter) is flawed and a brat and sweet and adorable and a bundle of joy all wrapped into one cute kid ...like most real kids ...Andrew is worried he's not parenting her right and Amelia isn't even sure if she likes kids...how refreshing But this isn't just about Bell...matter of fact ..did you know you can have a relationship first? Just two grown adults and things not be all wrapped up in the kid? Like a said...refreshing indeed ...Andrew and Amelia's chemistry is scorching to say the least ...HOTT....I tell ya....we also get to see how Sadie and her hubby (from Slip of the Tongue) are doing too and there's Two ex's and some drama ...cool friend's that are more like family ...a great read...this can be read as a standalone ...so enjoy ...Highly Recommended!!!

This is my first taste of anything written by this author and I absolutely LOVED her writing style. The First Taste is well written, a tad emotional and sexy as hell. I love a good single parent love story,

but Andrew Beckwith is now my favorite single dad. What was great about these character and their story was the honesty that they had in their relationship from the beginning. When things started to progress and move in a different direction, neither one of them hid it from the other. One of my most favorite parts was when Amelia (Mila) and Bell started to bond. Their relationship progressed slowly, but you could feel the change in Amelia when she was around Bell. Both characters have a relationship from the past haunting them and making their lives a little more difficult. With the reappearances of their exes it really put things into perspective for Andrew and Amelia. They were both able to realize that they could move on with the right person. OH MY! The hot sexy parts were OH SO HOT and OH SO SEXY! This might be some of the sexiest reads that I have read this year. Andrew really know how to handle Amelia, he knew all the right ways to open her up and to make her a wanton woman. This book made me really want to have bigger tub and take a bath, it also made me miss smoking and want to try whiskey ;)
