Customer Reviews

These are super cute. I bought them for a friends son who loves books. The finger puppet helps keep young kids attention and are sturdy hard books.

My three year old son and one year old daughter love this book. The puppet aspect make it super engaging and foster the whole child-like wonder that good books do.

These little books are so silly - we love them! They're interactive and captivates our baby's attention.

Great for little hands

My 10 month old son loves every book in the finger puppet series. The story of the little sea turtle is one of our favorites, although we recently learned sea turtle hatchlings come out at night (not during the day like the story says), so we modify that section when reading. ;)

cute idea.. a bit hard to hold fingers in and book up at the same time

Granddaughter loves it

This was a gift she loved it!!
