Its the perfect book to get ideas about clothing, its really something else. Not only does it contain beautiful artwork, but also tips about fashion

Kids love it! If this is your thing, you'll like it!

My 11 year old niece, who is obsessed with manga cannot put this book down....she is already quite good with faces and bodies...so this will help her with other details. She is super excited to use this book!

Love this Christopher Hart book! Not only does he break down the poses, he gives tips on how to clothe the characters as well as tips on coloring them. This book gives plenty of examples to jump start your own creativity.

This book is absolutely gorgeous! Its style is so adorable! Christopher Hart's manga style has improved a lot and I just fell in love with it! Though I must say, this is not the correct book to use for a beginner, unless they have some experience already drawing faces and bodies, other than that.. I must say Is a must-get and definitely my favorite book from now on.
