I bought both the Fodor's and the Rick Steves' books, and both are helpful in different ways. I learned more history and background from Fodor's that helped us decide how to spend our time since we have a full week. It is quite complete and detailed. Yet I loved the travel tips and streetwise orientation provided by Rick Steves. Overall Fodor's is a great learning tool.

Excellent book! First time visiting Barcelona and this book was a must have. Managed to see all the highlights of the city in four days thanks to the advance planning we were able to do with this book.

wonderful guide for Barcelona, full of many great tips. we had a great trip and used the book extensively!

Excellent guidebook with a great map of Barcelona and lots of good info on Barcelona, Bilbao, and San Sebastian. I'm glad I had it.

Hit the all highlights of Barcelona, I got the kindle version to read on the plane, was just the ticket for what to see and explore in Barcelona.

We used it every day. The map was great and the restaurant suggestions were very helpful. Loved it

A very helpful guide with good information about the many sites.

I found this guide difficult to use. For the Kindle version, it was not easy to search for specific information. Normally, an electronic version is easier to search. This book is laid out in such a way that I finally gave up trying to use it and resorted to using the internet when I could find a wifi signal. Quite disappointing!
