Customer Reviews

really good for beginners! Instructive, but not pedantic. Gives you room to experiment.

I just love this book. I have owned it for about 3 years now, it is just wonderful, I have made quite a few dolls which I sent off for gifts but in my mid 40s now, will like to make them more often. What is good about Ms Piper, is that the pattern is easy to adapt to your wants in a doll. Really enjoyable.

Informative and easy to follow. It has patterns as well. I haven't made one yet because I've been busy but plan to. It is an enjoyable book.

A fun book to read with many interesting techniques written so a novice can try them.

I'm not English speaking person. I wish this book would have had more picture explanations rather than drawing explanations. Anyway it has good ideas, it depends on the artist creativity.

It's easy enough for a beginner. A more skilled dollmaker will enjoy using this book as a reference.

All the patterns are easy to copy and use.

Wonderful book, great patterns

Very pleased with the book. It was very close to new.
