International Financial Management (The Mcgraw-Hill/Irwin Series In Finance, Insurance, And Real Estate)

Synopsis

International Financial Management provides students with a foundation for analysis that will serve them well in their careers ahead. The decision-making process is presented through the text with the goal of teaching students how to make informed managerial decisions in an evolving global financial landscape. And new to this edition, McGraw-Hill's Connect[®] empowers students by continually adapting to deliver precisely what they need, when they need it, and how they need it, so your class time is more engaging and effective.

Customer Reviews

This turned out to be the 4th edition 2008 publication. While shopping it comes up as the international paperback option in lieu of the recent 8th edition of International Financial Management. One can easily miss seeing the tiny print on the cover indicating the book to be 4th edition. Newer 5th, 6th updated editions are available at better prices.
