Intergender Wrestling: Tall Women Taming Men: All S Are Over 6 Foot Tall. Beautiful And Powerful

Synopsis

These ladies discuss their abilities and their experiences defeating men. Long limbs allow for killer choke holds, scissor lock and judo flips. They describe their matches against men that doubt them and with men that worship them. Each lady tells the reader their height, weight, best lifts and some body measurements. Learn about their background and their bucket-list when it comes to defeating, dominating and humiliating men. Some tall women are proud of their height, some dislike it. These women don't just love their height, they love their broad shoulders and overall power. These are muscular yet lean powerhouse beauties. If you are a fan of intergender wrestling and/or female muscles then this book is for you! Check out my other books on Kindle. They all deal with the awesome world of intergender wrestling and women getting the better end of their matches with men.

Customer Reviews

I made a 1 word heading. Like a woman without makeup, a man without a wig or food that is made fresh from scratch; a true story of a woman discovering her strength, power and dominance as

organic and how it intertwines with the men in her life ,irregardless of the time or her age, is beyond nonpareil....I will be reading the other stories of this author.
