Customer Reviews

I knew that I needed this book and was planning on just buying it at my local bookstore. When I found out 3 days before class that my bookstore didn't sell it separate from the textbook, I immediately logged on . I was more than pleased with the price and since I am a prime member, next day shipping was only 4 bucks more. I ordered it about 10am on Thursday and got the book about 4pm Friday. The book was in perfect condition and I am more than happy with my purchase. Thank you again ! :)

Overall a good exercise book but doesn't seem to be answer keys or at least some parts are missing some. Nevertheless, it's pretty obvious what the answers are if you have the textbook that this book comes along with. Pretty basic Q&A.

No answer key in the book. Very hard material which is good if you are the type that like challenge. Because this book is kind of an introduction to nursing, i have to get the answer key

(TEACH Instructor Resources and Program Guide). smh.

Great book so glad I bought it here, very fair price

I bought this book for my mom, for the price is not bad.

Not happy at about it. Most of the pages of the topics that are important were empty. It was clear that it was torn out. I'm not impress.

I finished my CNA course with this book. No pages missing no nothing. It was perfect and the price was reasonable. School was charging 110 bucks for this book. Glad I bought it on here. Thanks

Helpful book to keep as a reference for CNA work or to challenge the CNA test if you need to recertify.
